

**HIGHLIGHTS- Related Biological, Physical, And Social Sciences
2004 National Summary of Baccalaureate Enrollment, Degrees Awarded, and
Job Placement**

FAEIS is a comprehensive web-based database of student and faculty data from the 1862, 1890, 1994 and Non Land Grant institutions. The purpose of FAEIS is to gather, compile, and distribute a broad range of higher education information related to the food, agricultural and natural resource sciences. FAEIS provides student enrollment, graduation, and job placement information, as well as faculty salary information.

The goal of this report is to highlight statistics of FAEIS data for use by the academic community, the USDA, congressional staff, media, libraries and industry. FAEIS data and other information related to agriculture, natural resources, and forestry can be obtained through FAEIS on-line at <http://faeis.usda.gov>.

Fall 2004 baccalaureate enrollment from the 31 responding institutions with Related Biological, Physical, and Social Science programs was 3,613 (44%) female students and 4,559 (56%) male students (Fig. 1). 628 (43%) baccalaureate degrees were awarded to female students and 836 (57%) were awarded to male students from the 28 responding institutions (Fig. 1). Twenty-five percent of the baccalaureate students enrolled in the 31 responding institutions were minorities (Fig. 2). Of the 11 responding institutions, 57% of the baccalaureate students went into graduate study (Fig.3). Enrollment totals were similar in all three years (Fig.4).
